# 2013 eDJ Group Multi-Matter eDiscovery Survey

1. In what percentage of cases do you estimate that have overlapping custodians, collections or productions?

Value	Percent		Count
None	0.0%		0
<25% - uncommon	46.7%		7
25-50% - common	33.3%		5
> 50% - most	20.0%		3
	Total		15

| Statistics	
Total Responses	15
Sum	125.0
Average	25.0
Max	25.0

2. On average, how many ediscovery tools/vendors do you estimate your corporation uses (or your law firm uses on your behalf) from collection through production for a single case?
Value	Percent		Count
1	13.3%		2
2-3	86.7%		13
More than 4	0.0%		0
		Total	15

Statistics	
Total Responses	15
Sum	28.0
Average	1.9
StdDev	0.3
Max	2.0

3. In what percentage of cases do you actively leverage prior review designations or productions?

> 50% - most 7.1%

25-50% - common 7.1%

None 28.6%

<25% - uncommon 57.1%

Value	Percent		Count
None	28.6%		4
<25% - uncommon	57.1%		8
25-50% - common	7.1%		1
> 50% - most	7.1%		1
		Total	14

Statistics	
Total Responses	14
Sum	25.0
Average	25.0
Max	25.0

4. Which of the following best describes your cross matter implementation of discovery procedures and technologies:

Global Platform – All matters work from the same SIS repository, are handled using the same protocols by a single preferred/dedicated provider/platform except for required exceptions. 20%

Siloed Matters – All matters are handled individually and the process, technologies and vendors are determined separately. 26.7%

Selective Sharing – A portion of matters with perpetual custodians leverage prior discovery, but

Value	Percent		Count	Statistics	
Siloed Matters – All matters are handled individually and the process, technologies and vendors are determined separately.	26.7%		4	Total Responses	15
Selective Sharing – A portion of matters with perpetual custodians leverage prior discovery, but most matters are handled separately.	53.3%		8		
Global Platform – All matters work from the same SIS repository, are handled using the same protocols by a single preferred/dedicated provider/platform except for required exceptions.	20.0%		3		
Unknown	0.0%		0		
		Total	15		

5. Does multi-matter capability impact your provider or technology preferences or purchasing?

Required – Would not consider a provider or technology that does not provide it. 40%

Nice to have – Unsure of actual benefit or ROI, but would be willing to try it 26.7%

Important - Know that we need it and a real consideration in selection 33.3%
| Value	Percent		Count	Statistics	
Does not matter – do not need functionality and would never use it	0.0%		0	Total Responses	15
Nice to have – Unsure of actual benefit or ROI, but would be willing to try it	26.7%		4		
Important - Know that we need it and a real consideration in selection	33.3%		5		
Required – Would not consider a provider or technology that does not provide it.	40.0%		6
